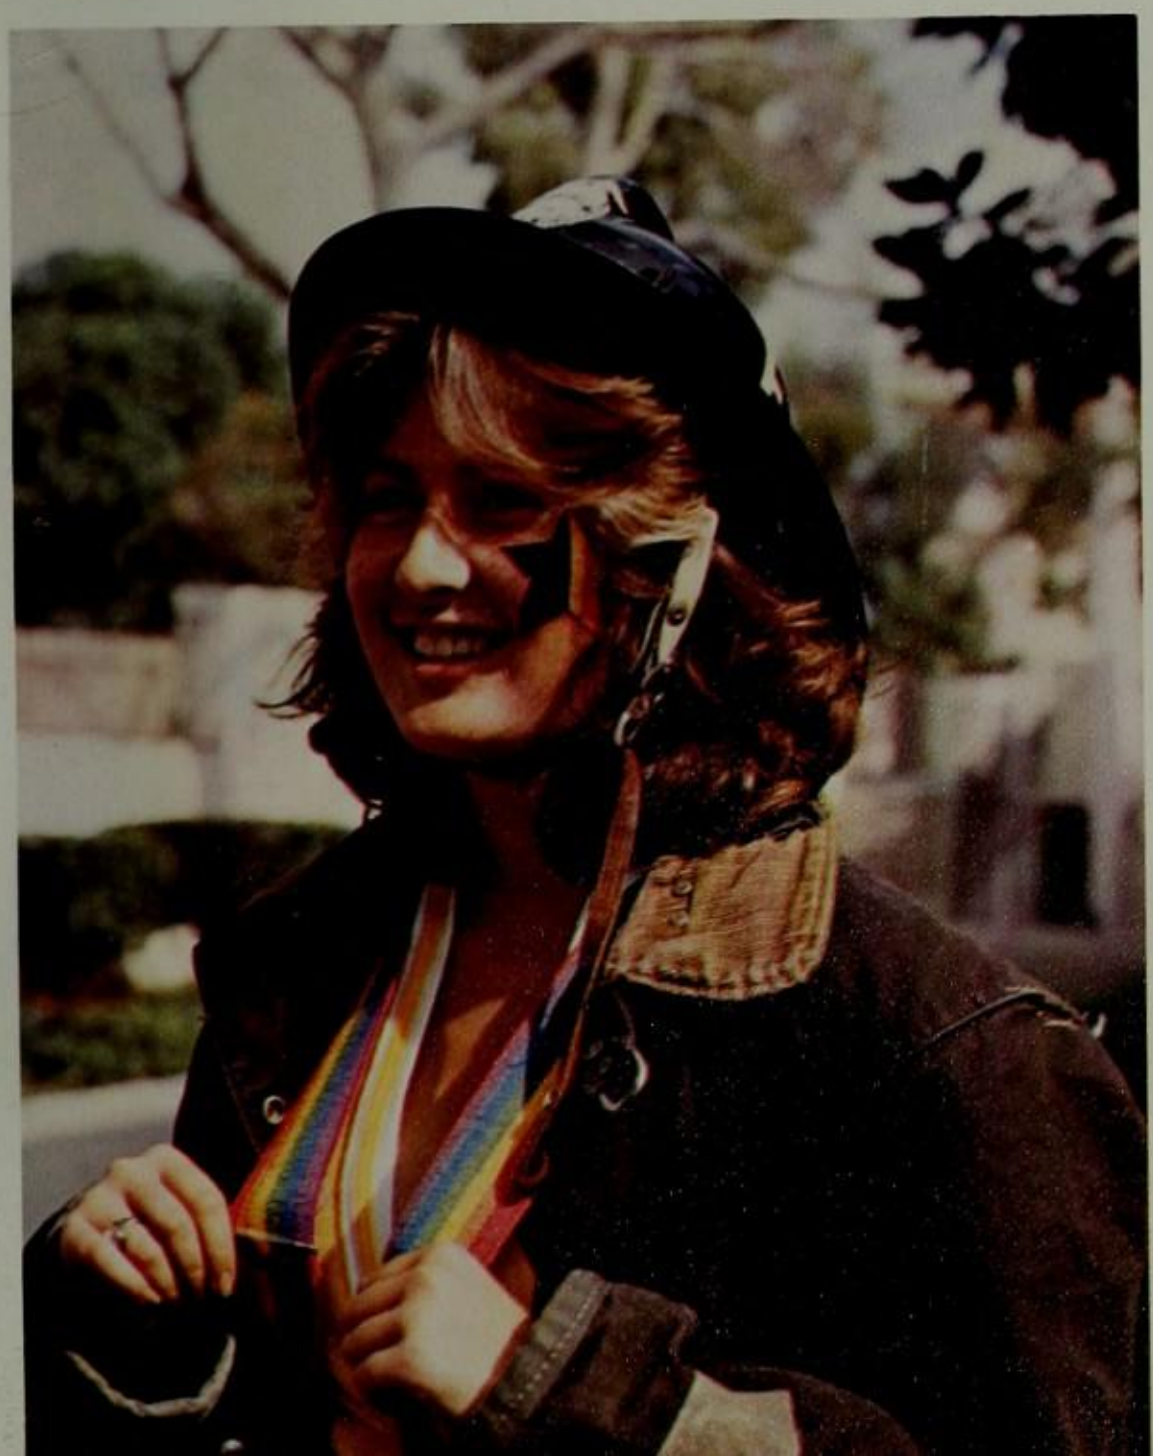
A GALAXY IS A BRILLIANT OR SPLENDID GROUP.

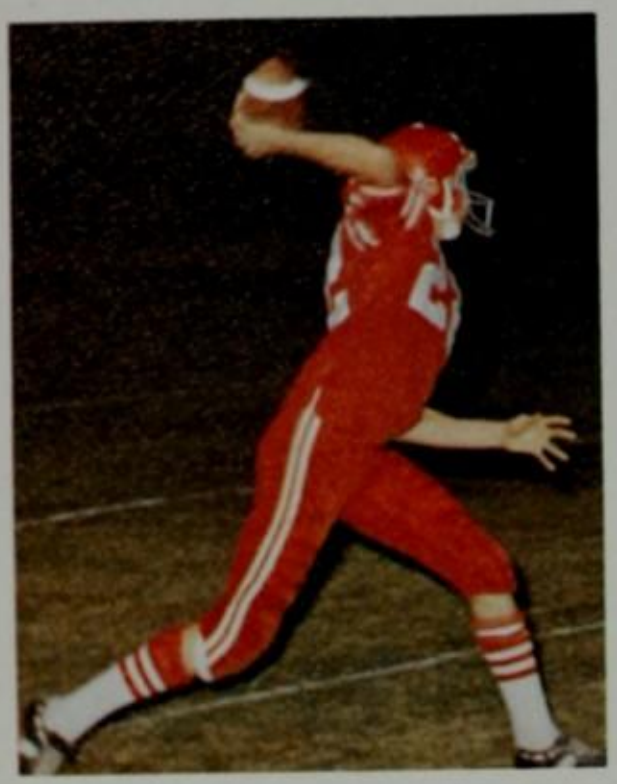


A PORTION OF SPACE WHERE STARS ARE CLUSTERED THICKLY.

HOWEVER
CROWDED
THEY MAY BE,
EACH STAR
SHINES
INDIVIDUALLY.

EACH SHINES AND HAS A SPECIAL, ILLUMINATING QUALITY ALL ITS OWN.

AS IT IS
WITH STARS,
SO IT IS
WITH PEOPLE.



FROM EVERY
PERSON RADIATES
A UNIQUE
BRILLIANCE.

EACH PERSON IS A CONFIGURATION OF
TINY BEAMS IN THE PRISM OF LIFE.
A GALAXY IS COMPOSED OF
MANY SUCH BEAMS.
MILLIONS OF BEAMS TOGETHER,
FOR ALTHOUGH SEPARATE,
THEY UNITE TOGETHER TO
FORM THE SPECTRUM
OF LIFE.

HOMECOMING CANDIDATES

This year's homecoming attendants were appointed by their respective classes. All varsity fall sports nominated queen, and runner-up became senior attendant. October 29th, the Silverfox Supperclub was the ground station for the homecoming dance. The theme was the magnetic, "We're All Alone," and the band, Hourglass generated the frequency. To climax the week, the football team instituted a 32-30 victory to add the final touch for this illuminating occasion.

The new year of 1978 blasted-off with the creation of Winter Formal. In the past, there has been a lack of attendance at Christmas Formal and Pow Wow, so the two have been absorbed together to form the first annual Winter Formal Dance. The Senior Empire used their force to nominate five guys and gals to run for the rulers of the dance. As the days counted down toward the occasion, the victors were made known during the halftime of the Brea-Fullerton basketball battle.

December 15th was the night for "Holiday Happenings," this year. The Concert Band was discharged first into the evening, while the Kids Next Door interacted next. Jazz Band scanned right behind with a few soloists illuminating the spotlight. Concert Choir maneuvered the show next as they sang, "The Messiah," accompanied by Plummer's powerful pipe organ, which isn't played more than a few times a light year. The program was conducted by humanoid, Ron Perry and hypothesized to be a success.

Drama is an art of words, but unlike fiction, and poetry, the words are in dialogue. The actor imitates life or rather holds a mirror up to Nature so that we may enter our worlds as spectators instead of participants. In this way we are separate and yet there is a sort of cummunion between actor and audience - a mutual celebration and sharing. Such sharing allows us to transcend our separation. It's electric, elevating to our spirits. It touches our souls and rounds out our dreams.

To John and Rex who shared so much - "For this relief, much thanks."

Genie Schermitzler

The spare time of John and Rex is spent maneuvering their talents for High School androids. They orbited our English satellites and performed a spectrum of their works in the Little Theater. This was a galactic experience for both the students and actors.

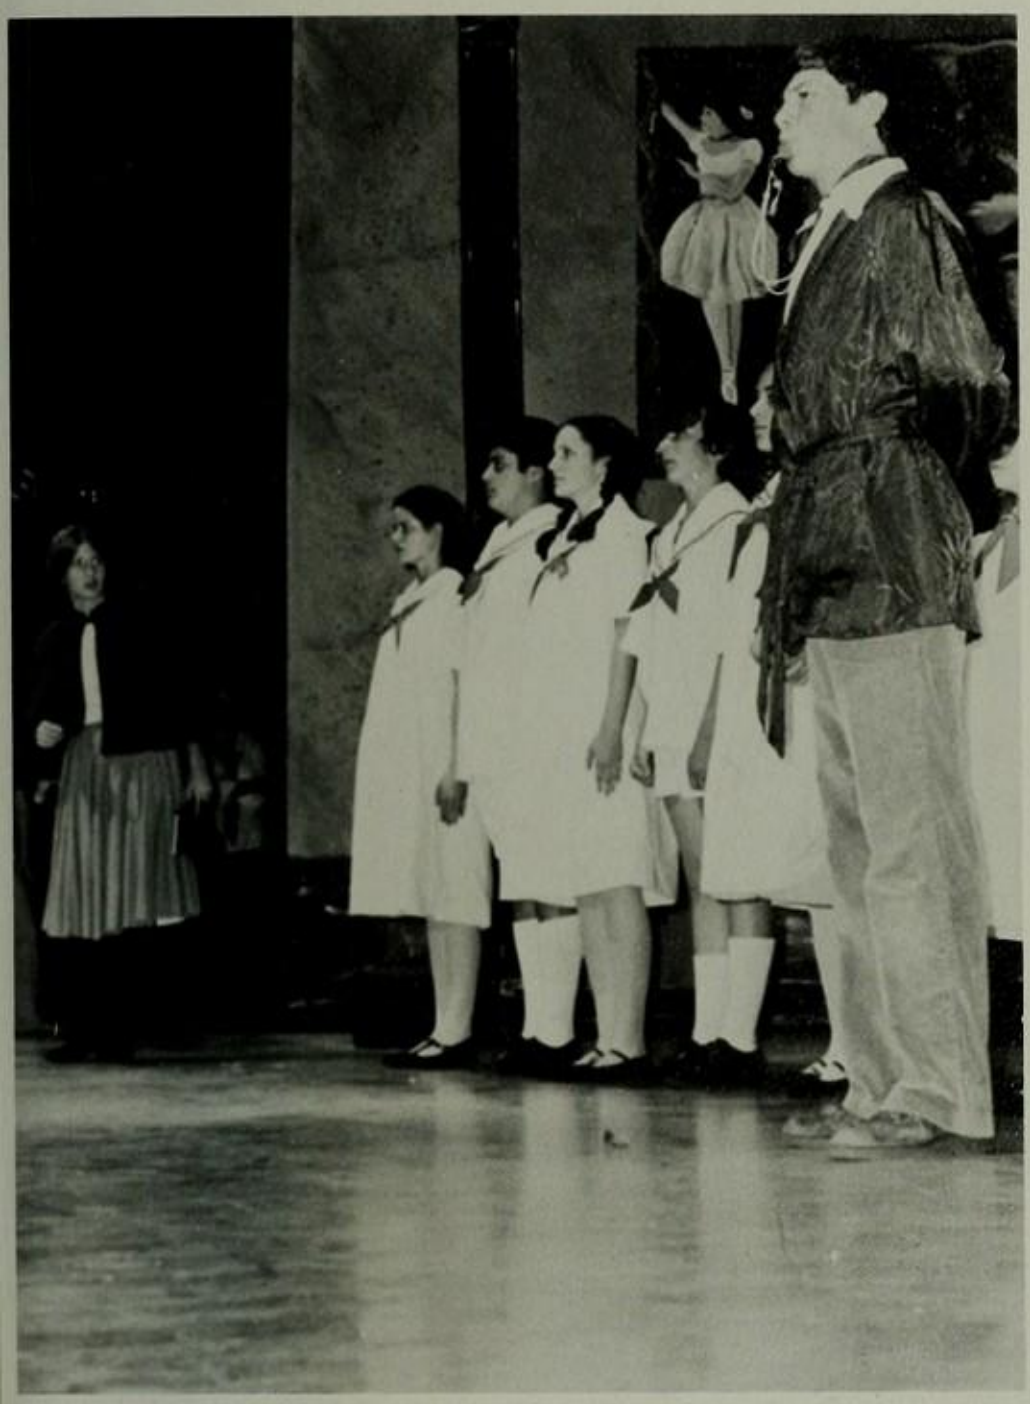
THE SOUND OF MUSIC



The Boyfriend was this year's summer scope of theatrical humanoids. Navigator Clements piloted the drama, choral, and musical skylab. The musical is about a constellation of four zany couples and their uncalculated errors in the 20's. The sky crew of the musical created the sets for the play. The production was a forceful impact.

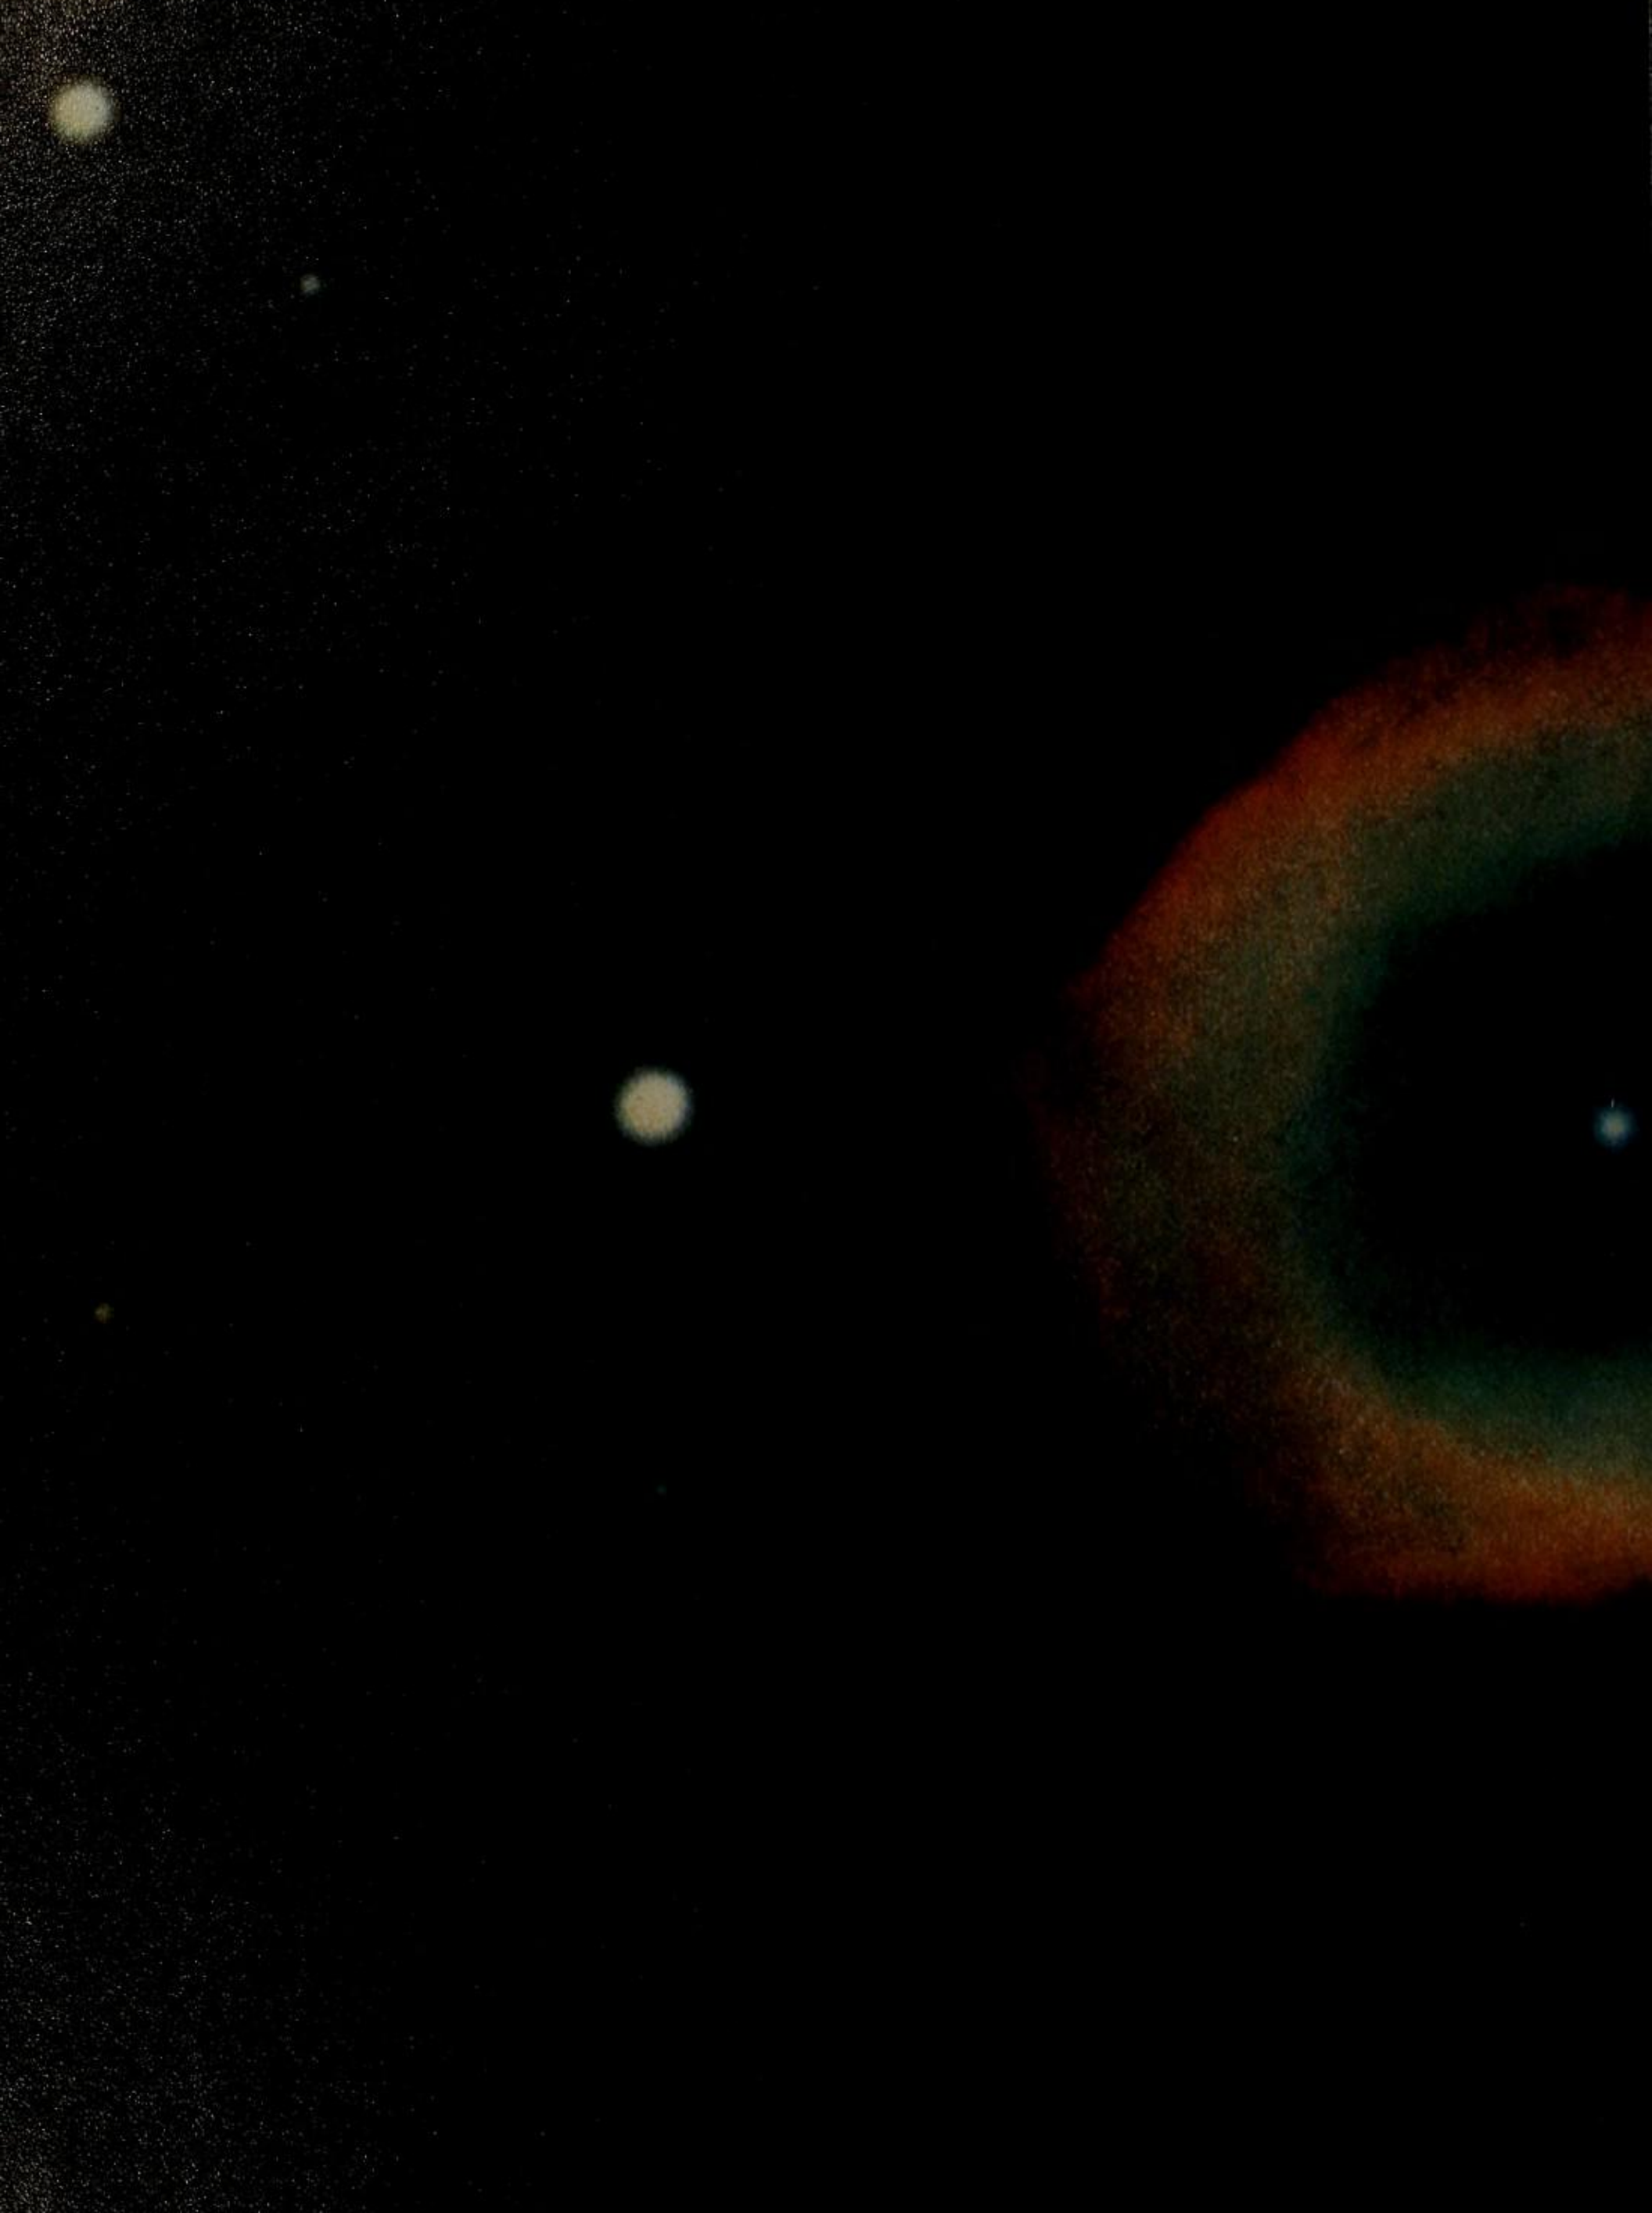
STUDENT GOVERNMENT



As we reflect on this past school year, I'm sure no one can deny that the experiences gained here at Fullerton High School have been invaluable. As we continue through life, we will treasure more and more the time spent in high school. Making new friends, taking on responsibilities and participating in activities make high school something of a maturing experience. We learn to take the good times with the bad, and in doing that, we set ourselves up with an attitude that will be beneficial all through our lives.

Going to Fullerton High School, one soon realizes the big part tradition plays in campus life. With such traditions, a person always leaves feeling he has been a part of the school, and a part of the school's history.

If one thing stands out from high school, it's the friendships that have been made. There is something special about friendships made in high school; they last a lifetime.

One cannot forget about the education received here either. It is another thing that will lead you through life. Whatever the graduating Seniors do, whether they are going to college or going to work right away, they will soon prize the education they acquired at Fullerton.

What you do with the rest of your life is up to you, but by being involved at Fullerton Union High School you have had a great start!

Good luck in whatever you do,

VARSITY HUMANOIDS WITH ATOMIC SPHERES

Varsity Volleyball didn't lift off to a good season this year. The inexperience of the team eclipsed them into having one of their worst years ever. The team did progress as the season evolved, but the girls blasted off too late to be able to contend with the alien forces.

GIRL'S BASKETBALL SHOOTS FOR THE STARS

"We Are the Champions!"

This year under new coach, Diane Genduso, the Varsity team propelled forth some very high goals. The most important mission was to capture the league title. A positive mental attitude and an intense desire to win were the keys to this year's axis of success. This cluster of dedicated girls showed their ability to "be tough when the going got rough," during the pressure of every game.

This year's gymnastic team, centered around a nucleus of coach Donna Stuart, created an atmosphere of power and progress. A configuration of sixteen girls generated an energy force-field that carried them through their aerial acrobatics. During the phase of the season, the young team sold candy in order to raise money for new equipment. In the future, gymnasts, may good scores be with you!

PORTIONS OF THE CRAZY CLAN

With the public's new found interest in the science fiction phenomenon, this year's annual has taken a 180° turn in comparison to the traditional attitude of last year's book. Our staff extended themselves in keeping with our space theme. The two constant guiding stars, Editor Terri Oba and Photo Editor Jimmy DeVito, have created a unique book. My special thanks to Terri and Jimmy who both have compassion and patience, and the drive to do a job beyond whatever is expected. This year's staff has put their best efforts forward for your enjoyment. I think you will appreciate their work.

Mary Helen Castro
Yearbook Advisor

An annual is a collection of memories, printed and bound in a single album. At first glance, it appears to be only pictures and words. But under the pictures and words, hours upon hours of work are hidden. Everyone who has worked on the annual has given a little bit of themselves. Hidden beneath the pictures and words are the efforts of a group of people called the annual staff. This year's staff, through their hard work and dedication, have produced an annual which I feel we can be proud of. I would like to give my special thanks to Ms. Castro - for your patience and understanding. Laura Anderson and Greg Hemsoth - for supplying us with their invaluable guidance. Jimmy - for your diligence and patience. Sally and Dorothy - for your endless supply of energy and cooperation. To each staff member - my special thanks for your hard work and dedication. And lastly, my thanks to the Student Body of FUHS, for without you, this book would not have been possible.

Time is . . .
Too slow for those who wait,
Too swift for those who fear,
Too long for those who grieve,
Too short for those who rejoice,
But, for those who love,
Time is Eternity.

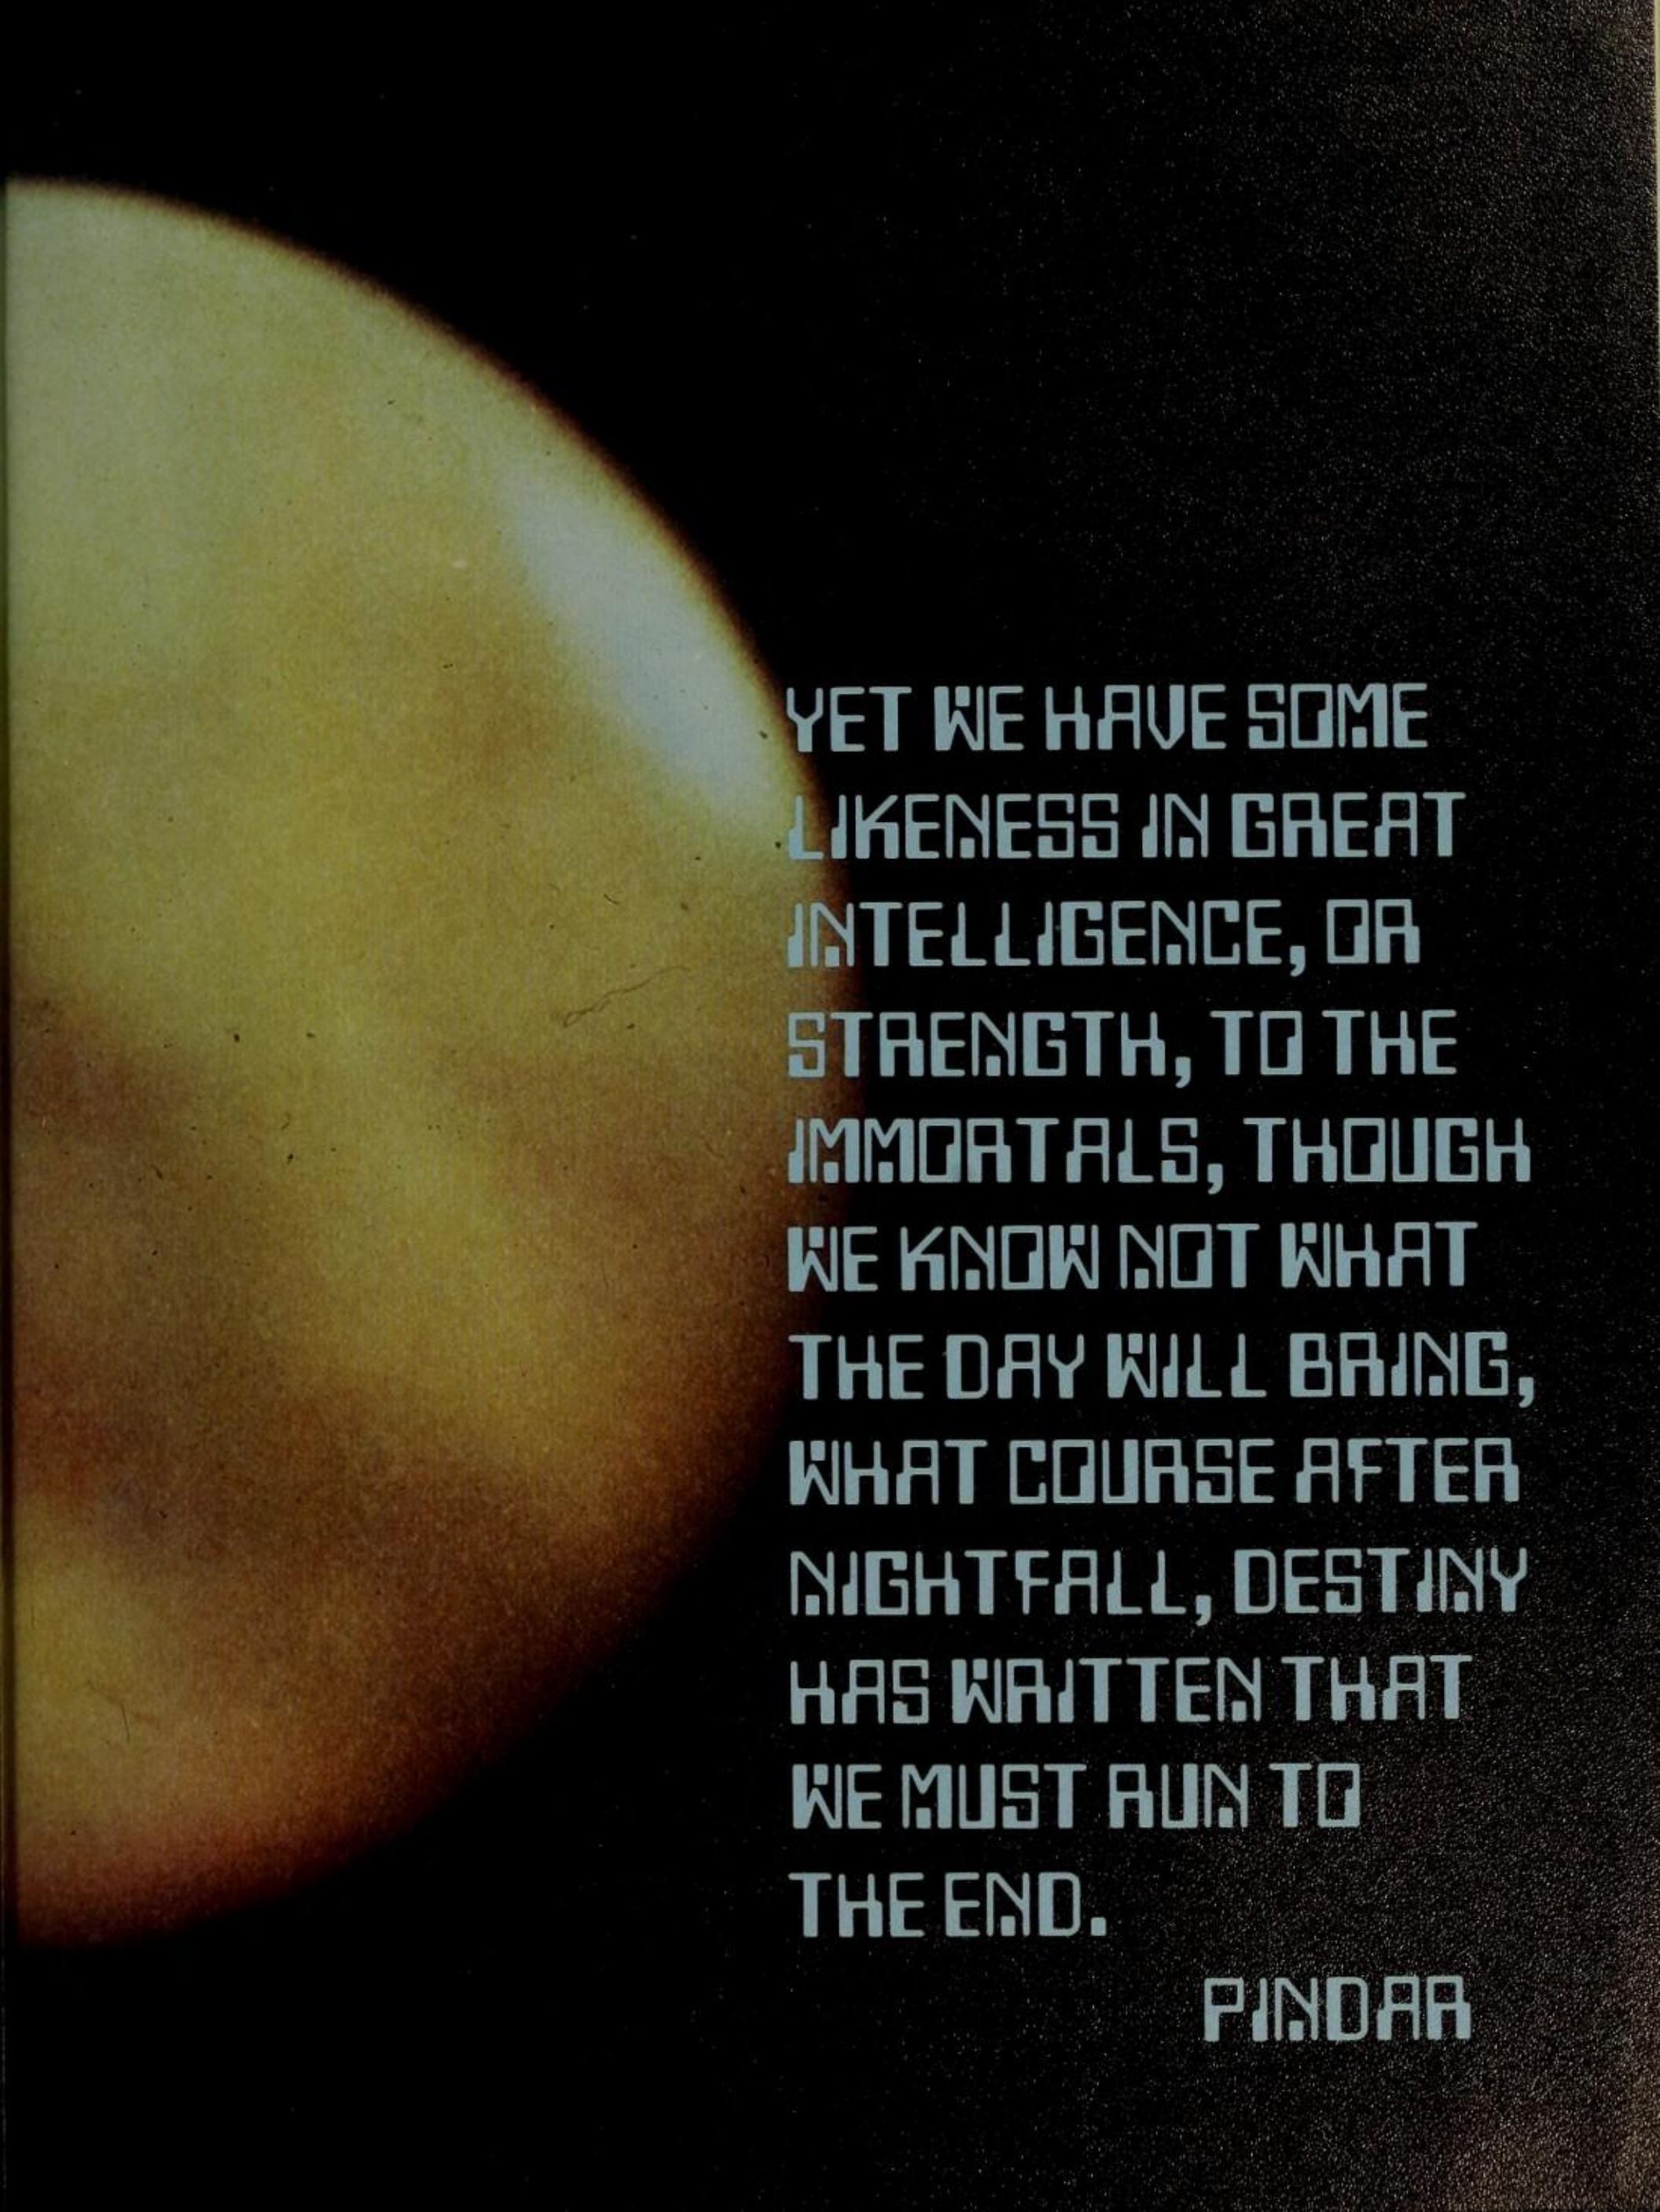
ALVAREZ

THERE IS ONE
RACE OF MEN,
ONE RACE OF GODS;
BOTH HAVE BREATH
OF LIFE FROM
A SINGLE MOTHER.
BUT SUNDERED POWER
HOLDS US DIVIDED,
SO THAT THE ONE IS
NOTHING, WHILE FOR
THE OTHER THE
BRAZEN SKY
IS ESTABLISHED
THEIR SURE CITADEL
FOREVER.



YET WE HAVE SOME
LIKENESS IN GREAT
INTELLIGENCE, OR
STRENGTH, TO THE
IMMORTALS, THOUGH
WE KNOW NOT WHAT
THE DAY WILL BRING,
WHAT COURSE AFTER
NIGHTFALL, DESTINY
HAS WRITTEN THAT
WE MUST RUN TO
THE END.
